

PT. PERJUANGAN BAJA INDONESIA

We Serve Better

STEEL
MANUFACTURING

Who we are ?

Headquartered in Surabaya, East Java - Indonesia. Perjuangan Steel was established officially in 1989 by Mr. Loesmin and Mrs. Yong Sioe Ing. The origin of the company can be traced back to a humble steel trading shop in Bunguran, Surabaya. The Founder has been known as long term player in manufacturer of steel (esp C channels are widely used for the construction business).

He started the originated from small trader of steel (shop) in 1970 (1st generation). He was survival in the business and has been tested through several decades of economic cycles.

From such a humble origin in 1970, the company later expanded into establishing their own manufacturing facilities, and continued to grow into what is now one of East Java's leading steel manufacturers.

Backed by more than 40 years of experience, the company has the through know-how of its business and how to excel in this fields.

What We Produce ?

The company produces various for steel construction, specifically CNP Channels / C-Profile, Gas Pipe, gate folding door, steel pipes, hollow pipe and ring plates.
